Introduction

As **First Bank of Owasso** completes its system conversion to Intuit Financial Services, you will need to modify your QuickBooks settings to ensure the smooth transition of your data.

It is important that you perform the following instructions exactly as described and in the order presented. If you do not, your service may stop functioning properly. This conversion should take 15–30 minutes.

NOTE: This update is time sensitive, and cannot be initiated until after you have completed your initial login to the new online banking system from Intuit Financial Services. You will need your permanent **Access ID (Client ID) and Password** for the new online banking system to complete the following conversion steps. The new online banking system will be available for your initial login at 9:00am (central time) on December 12.
